

Standard pH buffer 9.2 \pm 0.02

Always remember

1. To tightly close the container after use.
2. Always keep the buffer bottle at 2-8 °C when not in use.
3. Bring the temperature of the bottle to room temperature before use.
4. The intended colour of the pH buffer 9.2 is Blue. If the colour of the buffer changes to green, yellow or any other colour, discard the buffer.
5. If you see any floating matter in the buffer, discard it.
6. Un-opened buffer bottle has at least 2 years of shelf life. Discard the buffer after that period.

Usage Information:

1. Open the top cap of the bottle by breaking the seal.
2. Before opening the inner cap, wipe the inner cap area with clean cloth to prevent contamination by any foreign material sticking on the pouring surface.
3. The provided buffer is a ready to use solution, take out the solution in a 50 ml beaker.
4. Thoroughly wipe the pH electrode using tissue paper and Dip the electrode in the buffer solution.
5. Go through the calibration process according to your pH meter manual.
6. After the calibration is done, place the solution back in to the buffer bottle.
7. Close the lid tightly and store at 2-8 °C until next use.

Material Safety Data Sheet

Product Identification

Trade Names and Synonyms:	Lifesonic Standard pH buffer 9.2 ± 0.02
Reagent Application area	Calibration of pH meter
Chemical Name and Family	Sodium Carbonate, Sodium Bicarbonate, NaOH, Water, HgCl ₂
Formula	Mixture
CAS#	Not Applicable
DOT HazardClass/ID#/Label	Not Applicable
Report Quality	Not Applicable
NPCA-HMIS Hazard Index:	Health: 1 Flammability: 0 Reactivity: 0 Personal Protection: C

Hazardous Ingredients/ Identity Information

Ingredient	% by weight	Exposure Limits
Sodium Hydroxide	1-8	None established
HgCl ₂	0.001	None established

Physical/ Chemical Characteristics

Boiling Point	NA	Bulk Density	NA
Vapor Pressure (mmHg)	NA	% Volatiles	0%
Vapor Density (AIR-1)	NA	Evaporati on Rate	NA
Solubility in Water	Soluble at room temp.	pH	9.2
Appearance and Odor	Light Blue		

Fire and Explosion Hazard Data

Flash Point	NA
Flammable Limits	NA
Extinguishing Media	NA

Reactivity Data

Stable	Yes
Conditions to Avoid	NA
Incompatibility (Materials to Avoid)	NA
Hazardous Decomposition or Byproducts	NA
Hazardous Polymerization	Will not Occur

Health Hazard Data

Inhalation	Vapors may be irritating to nose throat and respiratory tract producing symptoms of nausea in poor ventilated area. Remove subject to fresh air obtain medical Attention
Skin and Eye Contact	Slightly irritating to skin / Wash affected skin with soap / water and obtain medical attention Irritating to eyes / wash eyes with large amount of water for at least 15 minutes and obtain medical attention
Carcinogenicity	NA

Emergency and First Aid Procedures:

In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If irritation develops, see a physician. Wash Skin with soap and water promptly to remove dye and prevent possible irritation. If irritation develops, contact a physician. If swallowed in large amounts, include vomiting by giving 2 glasses of water to drink and sticking finger down throat. Call a physician. Never give anything by mouth to an unconscious person. If inhaled, get fresh air, If symptoms of irritation develop, contact a physician.

Precautions for safe handling and Use

Warning Statements

"Since the product is non-hazardous, no uncommon handling procedures are required."

Precautionary Measures:

Avoid contact with eyes and skin

Wash thoroughly after handling

Keep out of the reach of children.

Steps to be taken in case Material is Released or Spilled

Prevent product from entering drinking water supply.

Observe above precautions. Sweep into dry containers, recycle or remove for disposal.

Waste Disposal Method

According to US EPS waste of this material is not defined as hazardous. Dispose of all waste in accordance with applicable regulations. Consult state and local regulations to determine If their hazardous waste definitions differ from the US EPA.

Control Measures

Respiratory protection (specify type): Not required, dust or fumes will not form.

Ventilation

Local exhaust	Not generally required
Mechanical	Not generally required
Special	NA
Other	NA

Protective Gloves: Recommended always, while using the product.

Eye protection: Recommended, wear a while glassed goggle while using the product

Protective clothing: Recommended, wear a standard lab apron, While using the product

Work/Hygienic Practices : Note precautions above

Note- Lifesonic is not responsible for unexpected results due to mishandling or wrong storage conditions.
